### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Philip A. Caramanica on June 23, 2004.

The application has been amended as follows: Claim 15, at line 1, before the term "cover plate" the word "the" has been replaced with --a--.

The preceding amendment was made to overcome lack of antecedent basis.

2. The following is an examiner's statement of reasons for allowance: Claims 1-9, and 12-17, are allowable over the prior art of record (U. S. Patent No. 6,368,754 (Imai), U. S. Patent No. 5,344,748 (Feely), and U. S. Patent No. 5,485,181 (Convers)) because Imai in view of Feely fails to disclose a method of patterning a resist wherein the mask controls the amount of radiation transmitted onto the resist to be uniform over substantially the entire portions of the surface of the resist that is irradiated.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
